

Bibliography: COE in Dyeing

Revised April 2003

This bibliography lists citations which can be useful for completing requirements for the Certificate of Excellence in Dyeing (COE-D). Many other references could have been listed which would have served equally well, so this listing makes no claim to be complete or preferable to other choices. Most of these references are available through guild libraries, lending libraries, universities, weaving teachers, and museum libraries. Inter-library loans are available through most libraries if a book is unavailable locally. A COE applicant need not refer to all sources listed.

For additions or corrections to this list, contact: Handweavers Guild of America, Inc., 1255 Buford Highway, Suwanee, GA 30024, telephone (678) 730-0010, <www.weavespindye.org>, email <hga@weavespindye.org>.
